EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert D. Buyan on 11/7/03.

The application has been amended as follows:

- a) Claims 7, and 68-78 have been cancelled.
- b) Claim 1, line 8, 'the at least' has been replaced with --**"wherein the"**--.
- c) Claim 1, line 18, 'at least one' has been deleted.

2. The following is an examiner's statement of reasons for allowance:

The claims are allowed for the reason that the prior art does not teach or fairly suggest the claimed limitations wherein 1) the membrane module having portions formed of a first hard material and portions formed of a second elastomeric material, and 2) that the portions of the membrane module that are formed of elastomeric material interact with the rim to provide substantially air tight sealing between the membrane module and the rim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
